

2nd Franco-Chinese Acoustic Conference

Fostering the scientific exchanges between the European and Chinese acoustic communities.

The 2nd Franco-Chinese Acoustic Conference will be held 29-31 October, 2018 in Le Mans, France.

9 sessions chaired by a pair of European and Chinese researchers :

- Acoustic and elastic wave propagation in wave guide and complex media
- Acoustic and elastic wave scattering
- Vibroacoustics and noise reduction
- Acoustical imaging
- Underwater noise
- Acoustic and elastic metamaterials
- Physical acoustics
- Electro-acoustics
- Ultrasounds, signal processing, and NDT/E

This conference is jointly organized by the French Acoustical Society (SFA) and the Acoustical Society of China (ASC) and supported by the European Acoustics Association (EAA). FCAC is locally hosted by Le Mans University with the support of Harbin Engineering University. Conference chairs, session chairs, members of organizing committee and scientific committee will be acted by European and Chinese researchers. FCAC is expected to become a high-level platform for international academic exchanges and to play an important role in promoting acoustics in both China and France.

Important dates :

Call for abstracts	1 April 2018
Deadline for abstract submission	15 May 2018
Notification of abstract acceptance	1 June 2018
Call for full paper	1 June 2018
Deadline for full paper submission	1 July 2018
Notification of paper acceptance	8 Sept. 2018
Deadline for early registration	15 Sept. 2018
End of registration	15 Oct. 2018
